OUR POTENTATES MESSAGE

Greetings, Nobles and Ladies:

Again we come to another great Moslem Temple Pilgrimage. This time to Atlantic City, one of the most famous ocean front communities of the world. It is certainly my privilege to have you with us on this Pilgrimage, and we have tried to plan everything around your complete entertainment and enjoyment.

This is your Pilgrimage. We are jealous of the fact that Moslem has always conducted themselves above and beyond reproach of any kind and that our group is one of the outstanding groups of the entire North American continent. Therefore, when you see a member of Moslem or his lady, make it a point to become acquainted. Everyone is in the Convention and vacation spirit and are anxious to know you better.

The purpose of this little booklet is to show you the planning that has been done and what you are to expect and make things a little easier for you. Please use this information as your guide, and at no time ever, hesitate to call on your Committees or those who have been carefully selected to serve you in having a wonderful time.

Es Salamu Aleikum!

Yours in the Faith,

Charlie

PHOTOGRAPHIC INSTRUCTIONS

In Taking Pictures — Follow These Simple Rules

Daylight Kodachrome Exposure Guide

	Bright Direct Sunlight	Hazy Sun; Soft Shadows Cast	Cloudy but Bright	Open Shade on Bright Day
Average	F/8	F/5.6	F/4	F/2.8
Light Subjects	F/8—F/11	F/5.6—F/8	F/4—F/5.6	F/2.8—F/4

AVERAGE SUBJECTS — Side-lighted or Back-Lighted F/5.6—F/8; Back-Lighted Close-Ups F/5.6.

NOTE: Light subjects take a half stop less exposure than average; Dark subjects, a half stop more.

Black and White Film
Daylight Exposure Table for Plus-X Film

Use a shutter speed of 1/50 second. For Supper-XX Film, use the next smaller lens opening or the next faster shutter speed.

Subject Type	Clear Sun	Hazy Sun	Cloudy-Bright	Cloudy-Dull or Open Shade (Clear Sky) (4)
Light (1)	F/16	F/11	F/8	F/5.6
Average (2)	F/11	F/8	F/5.6	F/4 or F/4.5
Dark (3)	F/8	F/5.6	F/4 or F/4.5	1/25 at F/4 or F/4.5

Exposure Indexes

	PLUS-X	SUPER-XX
Daylight	50	100
Tungsten	40	80

In Taking Pictures

This trip is a photographer's paradise. Be careful in exposures and take many pictures to remind you in years to come of the little events that went together to make a historical trip.

Before You Leave

Be sure your camera is in apple pie order. Better get it insured too, and have it's serial number on the policy. A photostat of this will verify ownership to Custom's authorities. Or — make a list of the equipment you are taking and if convenient, have it notarized.

Take Your Film with You

Oftentimes film is scarce for your size of camera, especially Kodachrome.

En Route

Keep your film with you. Then you'll know you have it and that it is safe from excessive heat. This condition will cause brittle and faded pictures.

Exposure

Just the same as at home for similar full color subjects. In movies F8 at 16 frames is still the standard in sunlight, no matter how warm. F8 — F11 for scenes somewhat brighter than average. F11 for the most brilliant.

Baggage Insurance

The Steamship Company or Moslem Temple carry no insurance on luggage. Recommend this be covered before departure.

CLOTHES

Ladies

Suggest light-weight sports clothes or afternoon frocks. After 5 p.m. dressy cottons or cocktail gowns suggested.

Men

Light-weight sports clothes. After 5 p.m. smart clothes and occasionally white dinner jacket.

You are expected to wear jackets in the Dining Room and Public Rooms after 5 p.m.

Bathing trunks or bathing suits are not allowed in the Dining Room or Public Rooms at any time.

It is suggested that you protect yourself against the glare of the sun on the sea. Take along light head gear and sun glasses.

TUESDAY, JULY 6, 1954. EDST.

7:00 A.M.

ARRIVE PORT AU PRINCE, HAITI

HAITI

The Land of VooDoo with strains of mystery that have never been adequately explained. Throughout the centuries the artistic people of Haiti have preserved authentic dances and songs which long ago accompanied the religious ceremonials of Africa. Many of these rituals have been blended into VooDoo, a faith that has absorbed and related the mysteries of diverse tribes. These VooDoo rites have provided a treasury of material; they have been interpreted, revised and combined with the rhythms of France, Spain and Caribbean to make up a rich treasury of song and dance to interest the scholar, enthrall the visitor.

Discovered and founded by Columbus. Here too, the buccaneers brought their booty. Here Pauline Bonaparte flirted while France lost Haiti to the Islands great heros, Tossaint L'Ouverture, Henry Christopher, Jean Jacques Dessalines and Alexandre Petion.

Haitian climate is ideal all year round. This may surprise you, it's always cool in the mountains, even in the sum-the temperature in mid-day is about 65 degrees. Temperature at sea level during winter months ranges from 72 to 75 degrees, in summer about 10 degrees higher. Always there is a fresh sea breeze.

The official unit of currency in Haiti is the "gourde" equal to 20 cents American, although American money can be used without difficulty.

Dress on the streets in Haiti is normal summer wear. However, shorts and slacks worn by women is particularly frowned upon.

The Haiti Shopper

You will find mahogany tables, lampstands, ashtrays, salad sets, bookends, trays and sisal bags, shoes, slippers, carpets, etc., in the following shops: "Art and Curio Shop," "Souvenir Shop," "LaPerle des Antilles," "Georges Deslandes," and "LaBelle Creole."

The famous rum Barbancourt at Maison Barbancourt Gardene and Co. Tortoise shell articles, creole earrings, silver bracelets, French perfumes, embroidered dresses, blouses, tablecloths, etc., at Russo Freres and Paul Auxila.

Foreign newspapers and magazines "LaCaravelle," "l'Abeille," "Librairie Nouvelle."

Haitian carpets — "Rene Armond" and "Dorismond and Meimberg."

Haitian records — "LaBelle Creole" and "Paul Anson."

Palm Beach suits — "Gerdes and Co.," "LaBelle Creole."

Haitian paintings and hand painted articles — "Centre d'Art" and "Foyer des Arts Plastiques," "Galerie des Arts d'Haiti," and "Remponeau's Art Shop."

Nassau, the Capital of the Bahamas, is situated on New Providence Island, which is 21 miles long and averages 7 miles in width. In addition to being the seat of the government, New Providence is the economic, social and cultural center of the Bahamas. The vast majority of the business of this entire area is conducted on Bay Street, the main business street of Nassau. The total population of the Bahamas is slightly less than 70,000 and around 35,000 of these people live on New Providence Island.

When you arrive in Nassau, you will be required to pay a six shilling landing tax. In event you wonder why this tax is collected, remember that the Bahamas have no income tax or tax on unimproved property. So the most painless way to collect some money to help operate the government is to make this small assessment against their visitor.

THE HISTORY OF THE SHRINE

In 1871, William J. Florence, a distinguished American Actor, returned from a European trip inspired by the pageantry, and Oriental splendor of a private ceremony sponsored by the Arabian Consul at Marseilles, France. From notes and material submitted to him by the Actor, Walter M. Fleming—eminent phyiscian, Civil War Veteran, 33rd degree Mason, and Knight Templar—contrived a ritual.

On June 16, 1871, Fleming, Florence, and eleven Masonic friends, meeting at Knickerbocker Cottage in New York City, endorsed a proposal for the formation of a new fraternal order to be composed of Knights Templar and 32nd degree Scottish Right Masons, based on Fleming's ritual with its background of Oriental glamour, pageantry and mystic splendor. On September 26, 1872, meeting at the Masonic Hall on East 23rd Street, the thirteen charter members held their first official session and formally organized "Mecca Temple" of the Ancient Arabic Order, Nobles of the Mystic Shrine. Dr. Fleming was elected Illustrious Grand Potentate. The original ritual, prepared by him in his own handwriting, is now displayed in the Mystic Shrine Rooms of the Masonic National Memorial at Alexandria.

For a number of years, Noble Fleming, Potentate of Mecca Temple from its inception, considered the organization of a national body. On June 6, 1876, in New York, the Imperial Council of the Shrine for the United States was finally organized, and on the next day Damascus Temple of Rochester, New York, became the second Shrine Temple. By June 20, 1887, the Shrine had 37 Temples, with a total membership of 4,398. On that date the title of "Imperial" was adopted in lieu of "Grand" in designating the Shrine's National Officers, and the title of Imperial Council for the United States of America was changed to Imperial Council for North America,

following the chartering of Rameses Temple, Toronto, as the first Canadian Temple.

By July, 1952, the Shrine of North America had expanded to 165 Temples, chartered or under dispensation, with a total membership of over 675,000 Nobles in Canada, Mexico, the Canal Zone, Hawaii, every state in the union, and the District of Columbia.

The Shrine has thus been superimposed on the structure of Freemasonry. One out of every six Masons in the United States is now a Noble of the Mystic Shrine. Official headgear of the Shrine is the Red Fez; the insignia consist of the scimitar and crescent. The Shrine has gradually become the humanizing agency of Masonry, seeking to eep alive in men the spirit of youth. Mankind must have periods of relaxation, and the Shrine offers wholesome companionship, clean fun and a welcome escape from the worry, care and drab routine of our daily lives.

FEZ ETIQUETTE

SALUTE:

The Military Salute is used when reciting the Pledge of Allegiance and during the playing or singing of the National Anthem.

PLEDGE OF ALLEGIANCE:

"I pledge allegiance to the flag of the United States of America and to the Republic for which it stands; one nation, indivisable, with liberty and justice for all."

SALUTE TO THE FLAG:

A Noble who is wearing his Fez will execute a righthand salute when the Colors are within six paces of him; he will not remove his Fez. After the Colors have passed he should drop his right hand. In case the same Colors pass the same point again, as frequently happens in a Ceremonial procession or in display drills, the Colors need not be saluted a second time. The same rule applies to street parades.

PRAYER:

During the offering of a prayer, the Fez should be removed and held in the right hand over the heart.
